School Bond Vote Called for June 18

The Board of Trustees of the Hamlin School District called a \$750,000 bond election for the construction of a new high school building Monday night. The election

has been set for Saturday, June 18.

The board was presented a petition calling for the election at a called meeting Monday evening. The petition was

signed by 57 qualified voters. The board voted 6 to 1 to call the election.

If the bond election carries a four grade high school building will be built north of the present football stadium on land owned by the school. Complete plans for the building must await the voters' approval of the election.

If approved by the voters, the building is expected to be ready for the fall term of 1967.

All qualified voters residing within the school district that have property rendered on the tax roll are eligible to vote in the election.

Approval Received Here for Summer 'Head Start' Program

Approval of Hamlin's Head Start program was received here Tuesday by Marvin D. Carlton, coordinator.

Federal funds allocated for the eight week program is \$12,531. This provides for 10

paid members on the staff and two volunteers, to serve 45 pre-school children in three classes.

The classes will be held in the primary building from 8:30 to 1:30 weekdays, June 13 to Aug. 5.

A morning snack, the noon meal and all supplies will be given the children.

Transportation will be provided where necessary. Also included in the program is the child's necessary immunizations and medical needs.

Letters were mailed to all prospective children last week. All of these need to be returned by the parents in order for the classes to be filled and details worked out before the June 13 starting date.

35 Attend Small Grain Tests Here

Thirty five farmers and interested business men attended the small grain variety test and fertility demonstration field day on the Dickie Ferguson farm near Hamlin, according to Jones County Agent, Kirby Clayton.

The farmers viewed 19 different varieties of barley, wheat and oats along with several different plots of wheat fertilized at the various rates.

Dr. James Mulkey, Supt. at the Texas Agri. Experiment Station at Chillicothe, explained the fertilized plots and gave a brief explanation of the different varieties. Clayton introduced the program and gave the purposes for which it was established.

These tests were organized jointly by the three county agents of Fisher, Stonevill and Jones Counties and the Texas Agri. Experiment Station. Purpose of the demonstration, says Clayton is to bring the latest information to farmers on the performance of small grain varieties and response of small grain varieties in fertilizer in the area. Results of the demonstration will be published at a later date.

Coffee and cakes were furnished by the F & M National Bank of Hamlin.

WTU NOTEBOOK-PATTERNS FOR PROGRESS

ECONOMIC DEVELOPMENT

... its benefit to you

Economic development means developing all of the basic economic resources of a community or area to their fullest potentials, creating new wealth in the area and attracting wealth from outside the area. It CAUSES a higher standard of living for all of the people, making the community a better place to live, work and play. It PROVIDES improved community facilities, increases job opportunities, especially for the young people, and attracts new people to the town.

FIVE BASIC SOURCES FOR ECONOMIC IMPROVEMENT

—INDUSTRY—creates new jobs, utilizing and increasing the labor force's value to the community plus helping to share the tax burden for improved community facilities.

—TOURISM—adds wealth to the community that was created outside of the area, and makes a favorable impression on tourists as a good place to live. Tourists' dollars circulate many times within a community.

—AGRICULTURE—improvement of product yields and quality of products produced plus further processing of the products can add greatly to the economy of an area.

—NATURAL RESOURCES—developed in an area change and increase the wealth as well as providing job opportunities. Depletion of the natural resources can cause adverse effects on the economy.

—GOVERNMENT—local, state and federal institutions and agencies keep tax money in the area and in some cases, bring in additional wealth from the outside.

An object of a sound economic development program is to balance the economy of a community or area from all five sources. ATTENTION and EFFORT should be given to the ones which present the best possible chances for economic development and improvement. Attracting new industries, or the expansion of existing industries, usually provide an excellent opportunity for economic development.

Ask your WTU local manager for additional information and services available.

Opal Josey of Merkel and Grace Brewer of Abilene were visitors in our town one day last week.
The W. B. Browns spent some time in the Jim Lanning home on Sunday afternoon.
Vacation Bible School! June 3 thru June 11, youngsters don't forget.

Win Consolation
Keith Bundas and Hector Orona received first place and runner up consolation trophies in Abilene's Jaycee tennis tournament held in Abilene Friday and Saturday. Both boys lost first round matches and were thrown in the consolation bracket. This bracket included all players 16 and under in age who had lost a first round match.
Both Bundas and Orona took all opponents with the first two sets and had to meet each other in the final round. Bundas took the match from Orona 7-5 and 6-1. This tournament attracted entries from all over West Texas.
The first place winners will go to state finals in Lubbock in July.

WARNING! LIBERALS SEEK UPSET ON JUNE 4TH!

Crawford Martin was the overwhelming choice of Texans by more than 100,000 votes in the first primary. But the job isn't done yet. Liberal forces, hoping for a light vote in the runoff, are redoubling efforts to capture this important office. Your help is urgently needed; make SURE you vote on June 4th to keep good government in Texas!

CRAWFORD MARTIN HAS A 20-YEAR RECORD OF PUBLIC SERVICE

- Served as mayor of Hillsboro
- 14 years a key leader in the State Senate — three times unopposed for re-election
- Twice selected as his Secretary of State by Governor John Connally.

CRAWFORD MARTIN HAS WORKED FOR ALL TEXANS.

- Helped write or pass most of our important laws enacted the past decade.
- A proven friend of senior citizens. Helped obtain first medical aid for elderly.
- Fought to pass the first laws controlling loan sharks.
- Was a key leader in passing insurance reform legislation.
- A leader in passing Gilmer-Aikin laws for better education in Texas.

LET'S COMPLETE THE VICTORY ON JUNE 4TH!

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
It is almost too hot to write news or do anything this Monday morning. Although the wind is blowing it is unusually warm and sultry. Many are predicting a big rain, since the temperature has gone so high for this time of year. Judging by the wheat beginning to ripen some and farmers planting cotton, it is just about time for a big rain and some hail.

We are sorry to learn that George Wainwright is again a patient in Hendrick Hospital in Abilene. His trouble is not connected with the surgery he had in the winter.

Eli Bruner, a lifetime resident of this community, until moving to Hamlin a few years ago, is in Houston, where he is a patient in the M. D. Anderson clinic. He had exploratory surgery over a week ago, after having had various tests, he will remain and take a series of cobalt treatments before returning home.

Mr. and Mrs. Winslow Gray were not present Sunday morning, in church, having gone to

the Nazarene Church, in Hamlin, to be with the M. S. Johnson family in service and at the lunch hour. The Johnson's son, Dennis, who is a recent graduate of the Nazarene Seminary in Kansas City, Mo., preached and all of the other brothers and their families were present. The family, some relatives and a few close friends, carried their lunch to the church for a reunion. Dennis will leave soon for California, where he will preach.

Mr. and Mrs. Marvin Johnson, Bruce and Barry, were visitors in her parents' home, the Winslow Grays, as well as attending the reunion of his family.

Rev. and Mrs. Babb visited Saturday morning, with Mr. and Mrs. Henry and the Roy Watts. As I have said before and it bears repeating, it is so good to have a pastor again, someone to care about the ill and those in sorrow.

Mr. and Mrs. Fred Rosenbaum were Wednesday afternoon guests of the Thomas Moss family of Anson.

Was passing through Anson last Thursday afternoon and stopped for a short visit with Lillie Dutton, at her beauty shop, and thought that the many friends of her mother, Mrs. J. E. Dutton, would enjoy learning how well she is doing after being so seriously ill last winter. Lillie reported her mother being able to do her work as well as tending a small garden and her flowers. This is pretty good for anyone who is a great, great grandmother, without

all of her recent illness. Her granddaughter, the former Rosemary Bristow, has a new grandson herself, making Mrs. Dutton a twice removed grandmother.

Speaking of being excited, found Mrs. Lois Hampton very excited last Thursday when I went to go with her to the Rehab. Center. She was a new grandmother of twin boys, born to her son, Mr. and Mrs. Billy Hampton, of Dallas, May 13th. Mrs. Hampton's late husband was William Bedford, so the twins are named William Cranston and Charles Bedford. As one of Billy's sister said, good old Hampton names. Mrs. Hampton seems fully recovered from her recent attack, being back where she was before her illness. She is now able to continue with her treatments.

This grandmother had a little scare last week, learned that the least granddaughter, Susan Joiner, daughter of Mr. and Mrs. Buck Joiner, of Odessa, had been carried to the hospital Friday morning, where the first thing they did was make a test for spinal meningitis, but it turned out to be an infection, or virus, she was able to come home Sunday.

Mr. and Mrs. Warren Henry, Lubbock, spent Saturday night with his brother, Mr. and Mrs. E. A. Henry.

Was very good to see Mr. and Mrs. Flavil Holmes both in services again Sunday morning, after he had been out so long, ill.

Linda Goodwin entertained six of her friends, Thursday afternoon, with a farewell party honoring Rheana Sanderlin, who is moving to Odessa.

Rev. and Mrs. Babb were Sunday guests of the H. L. Fords Sunday. In the news last week someone goofed, kinda like this reporter, they spent Sunday with Mr. and Mrs. Joe Ford and not the Rosenbaums, not that it is such an important matter.

Although I felt rather alone, since I was the only one from our church there, did attend the workers conference last Tuesday night, held with the Central Avenue Church in Hamlin as host church. They had a good meeting as well as having a nice meal served by the ladies of the church.

Mrs. Henry was out visiting Thursday afternoon, having been to Rotan hospital, to see her brother, coming back by Mrs. Woodrow Goodwins and finding her out my way, she came on out, so after I returned home from Abilene we had a nice visit before night.

OLD GLORY...

By Judy White
Mrs. Emma Nichter, Mrs. Erich Prescher and Mr. and Mrs. Jerry Sather and son, Dean, of Clifton, Mr. and Mrs. Herbert Nichter, Fort Worth Edwin Bosse, Mrs. Paul Kelm and Mrs. Joe Mensdorf of Hamilton visited with Mrs. Henry Schmidt and Paul. They attended the funeral of Henry Schmidt.

Mrs. Andrew Anderson of Lueders spent three weeks with her sister, Mrs. Henry Schmidt, Mrs. Lillie Thane spent several days with her also, and her brothers Mr. and Mrs. Paul Koch and Mr. and Mrs. Manuel Bosse of Lueders.

Stephanie Letz reigned as the winner in the Girls 18 Singles Division in the Abilene Jovoe invitational tennis tournament last weekend. She defeated Abilene's Sandy Bridges in the finals, 6-2, 6-1.

Mr. and Mrs. W. H. Vahlenkamp were in Denton last Saturday where they visited their daughter, Billie Ann, who is attending North Texas University. Billie Ann accompanied them to Dallas where they visited her brother, Melvin, and also Ruthie West.

Mr. and Mrs. Bert Turner and son, Jay, of Lubbock were here last weekend visiting her parents and brother, Mr. and Mrs. Herbert Lammert and Danny Ray, and to attend the Commencement Exercises last Friday night. Danny Ray was one of the graduates.

Mr. and Mrs. David Epley and sons, Cary and Gregg, of Odessa, were also here to see her sister, Rhonda Baitz, graduate last Friday night and visit with her parents, Mr. and Mrs. Bill Baitz.

Visiting with Mr. and Mrs. Herbert Vahlenkamp and Marvin and attending Marvin's graduation exercises were Mrs. Vahlenkamp's parents,

Area Farm and Ranch News

By Don Elmore
We had a good turn out Sat. night for the All Girls rodeo and the girls all seemed to have good time. The cows were a might wild, but that didn't bother any of the crowd. One or two of the girls may be a little sore for a few days but no one got hurt bad, for which we are thankful.

The merchants of Hamlin and one from Aspermont were sure nice to donate some mighty fine prizes to be given away Sat. evening and night.

Meet the "Hot Stick" brigade

In spite of constant improvements, service interruptions are at an absolute minimum in the territory served by MIDWEST ELECTRIC COOPERATIVE. Expert cooperative electricians use "hot sticks" to transfer high tension lines from one pole to another without interrupting service. In some instances, bucket trucks allow the linemen to handle these "hot" wires with gloved hands. Constant system improvements, continual upgrading of service with no interruptions... these are the aims of the electric cooperative crews.

Your member-owned MIDWEST ELECTRIC COOPERATIVE with modern tools and techniques is providing a dependable, low-cost electric system that is Helping Texas Grow.

Among others from out of town who attended the commencement Exercises were Mr. and Mrs. V. R. Leverett and Jimmy of Abilene. Mr. Lever-

ett was the Commencement speaker.

Pvt. Charles Diers, son of Mr. and Mrs. E. H. Diers, is in Fort Polk, Louisiana, where he is receiving basic training.

Mr. and Mrs. L. L. Wienke of Lubbock were here last Sunday visiting his mother, Mrs. W. G. Wienke.

Mr. and Mrs. Dean Letz and boys of Abilene were here last Sunday visiting her parents, Mr. and Mrs. Garrett Spitzer.

The Board of Trustees of the Hamlin School District called a \$750,000 bond election for the construction of a new high school building Monday night. The election

has been set for Saturday, June 18.

The board was presented a petition calling for the election at a called meeting Monday evening. The petition was

signed by 57 qualified voters. The board voted 6 to 1 to call the election.

If the bond election carries a four grade high school building will be built north of the present football stadium on land owned by the school.

Complete plans for the building must await the voters approval of the election.

If approved by the voters, the building is expected to be ready for the fall term of 1967.

All qualified voters residing within the school district that have property rendered on the tax roll are eligible to vote in the election.

Approval Received Here for Summer 'Head Start' Program

Approval of Hamlin's Head Start program was received here Tuesday by Marvin D. Carlton, coordinator.

Federal funds allocated for the eight week program is \$12,531. This provides for 10

paid members on the staff and two volunteers, to serve 45 pre-school children in three classes.

The classes will be held in the primary building from 8:30 to 1:30 weekdays, June 13 to Aug. 5.

A morning snack, the noon meal and all supplies will be given the children.

Transportation will be provided where necessary. Also included in the program is the child's necessary immunizations and medical needs.

Letters were mailed to all prospective children last week. All of these need to be returned by the parents in order for the classes to be filled and details worked out before the June 13 starting date.

35 Attend Small Grain Tests Here

Thirty five farmers and interested business men attended the small grain variety test and fertility demonstration field day on the Dickie Ferguson farm near Hamlin, according to Jones County Agent, Kirby Clayton.

The farmers viewed 19 different varieties of barley, wheat and oats along with several different plots of wheat fertilized at the various rates.

Dr. James Mulkey, Supt. at the Texas Agri. Experiment Station at Chillicothe, explained the fertilized plots and gave a brief explanation of the different varieties. Clayton introduced the program and gave the purposes for which it was established.

These tests were organized jointly by the three county agents of Fisher, Stonevall and Jones Counties and the Texas Agri. Experiment Station. Purpose of the demonstration, says Clayton is to bring the latest information to farmers on the performance of small grain varieties and response of small grain varieties in fertilizer in the area. Results of the demonstration will be published at a later date.

Coffee and cakes were furnished by the F & M National Bank of Hamlin.

Mrs. Lanny Ford Receives Degree

Mrs. Lanny Ford, the former Jane Petree, was presented a B. S. degree in elementary education at McMurry College graduation exercises Monday evening.

WTU NOTEBOOK-PATTERNS FOR PROGRESS

ECONOMIC DEVELOPMENT

... its benefit to you

Economic development means developing all of the basic economic resources of a community or area to their fullest potentials, creating new wealth in the area and attracting wealth from outside the area. It CAUSES a higher standard of living for all of the people, making the community a better place to live, work and play. It PROVIDES improved community facilities, increases job opportunities, especially for the young people, and attracts new people to the town.

FIVE BASIC SOURCES FOR ECONOMIC IMPROVEMENT

- INDUSTRY**—creates new jobs, utilizing and increasing the labor force's value to the community plus helping to share the tax burden for improved community facilities.
- TOURISM**—adds wealth to the community that was created outside of the area, and makes a favorable impression on tourists as a good place to live. Tourists' dollars circulate many times within a community.
- AGRICULTURE**—improvement of product yields and quality of products produced plus further processing of the products can add greatly to the economy of an area.
- NATURAL RESOURCES**—developed in an area change and increase the wealth as well as providing job opportunities. Depletion of the natural resources can cause adverse effects on the economy.
- GOVERNMENT**—local, state and federal institutions and agencies keep tax money in the area and in some cases, bring in additional wealth from the outside.

An object of a sound economic development program is to balance the economy of a community or area from all five sources. ATTENTION and EFFORT should be given to the ones which present the best possible chances for economic development and improvement. Attracting new industries, or the expansion of existing industries, usually provide an excellent opportunity for economic development.

Ask your WTU local manager for additional information and services available.

WARNING!
LIBERALS SEEK
UPSET
ON JUNE 4TH!

Crawford Martin was the overwhelming choice of Texans by more than 100,000 votes in the first primary. But the job isn't done yet. Liberal forces, hoping for a light vote in the runoff, are redoubling efforts to capture this important office. Your help is urgently needed; make SURE you vote on June 4th to keep good government in Texas!

CRAWFORD MARTIN HAS A 20-YEAR RECORD OF PUBLIC SERVICE

- Served as mayor of Hillsboro
- 14 years as key leader in the State Senate... three times unopposed for re-election.
- Twice selected as his Secretary of State by Governor John Connally.

CRAWFORD MARTIN HAS WORKED FOR ALL TEXANS.

- Helped write or pass most of our important laws enacted the past decade.
- A proven friend of senior citizens. Helped obtain first medical aid for elderly.
- Fought to pass the first laws controlling loan sharks.
- Was a key leader in passing insurance reform legislation.
- A leader in passing Gilmer-Aikin laws for better education in Texas.

LET'S COMPLETE THE VICTORY ON JUNE 4TH!

LEARNING GOOD HABITS EARLY

"Train up a child in the way he should go: and when he is old, he will not depart from it."

This statement (made by Solomon, thousands of years ago) is just as true and vital today as it was then.

Teach your children the good practice of saving for the future. Teach them to attend worship services in God's house by taking them each Sunday.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
It is almost too hot to write news or do anything this Monday morning. Although the wind is blowing it is unusually warm and sultry. Many are predicting a big rain, since the temperature has gone so high for this time of year. Judging by the wheat beginning to ripen some and farmers planting cotton, it is just about time for a big rain and some hail.

We are sorry to learn that George Wainwright is again a patient in Hendrick Hospital in Abilene. His trouble is not connected with the surgery he had in the winter.

Eli Bruner, a lifetime resident of this community, until moving to Hamlin a few years ago, is in Houston, where he is a patient in the M. D. Anderson clinic. He had exploratory surgery over a week ago, after having had various tests, he will remain and take a series of cobalt treatments before returning home.

Mr. and Mrs. Winslow Gray were not present Sunday morning, in church, having gone to

the Nazarene Church, in Hamlin, to be with the M. S. Johnson family in service and at the lunch hour. The Johnson's son, Dennis, who is a recent graduate of the Nazarene Seminary in Kansas City, Mo., preached and all of the other brothers and their families were present. The family, some relatives and a few close friends, carried their lunch to the church for a reunion. Dennis will leave soon for California, where he will preach.

Mr. and Mrs. Marvin Johnson, Bruce and Barry, were visitors in her parents' home, the Winslow Grays, as well as attending the reunion of his family.

Rev. and Mrs. Babb visited Saturday morning, with Mr. and Mrs. Henry and the Roy Watts. As I have said before and it bears repeating, it is so good to have a pastor again, someone to care about the ill and those in sorrow.

Mr. and Mrs. Fred Rosenbaum were Wednesday afternoon guests of the Thomas Moss family of Anson.

Was passing through Anson last Thursday afternoon and stopped for a short visit with Lillie Dutton, at her beauty shop, and thought that the many friends of her mother, Mrs. J. E. Dutton, would enjoy learning how well she is doing after being so seriously ill last winter. Lillie reported her mother being able to do her work as well as tending a small garden and her flowers. This is pretty good for anyone who is a great, great grandmother, without

all of her recent illness. Her granddaughter, the former Rosemary Bristow, has a new grandson herself, making Mrs. Dutton a twice removed grandmother.

Speaking of being excited, found Mrs. Lois Hampton very excited last Thursday when I went to go with her to the Rehab. Center. She was a new grandmother of twin boys, born to her son, Mr. and Mrs. Billy Hampton, of Dallas, May 13th. Mrs. Hampton's late husband was William Bedford, so the twins are named William Cranston and Charles Bedford. As one of Billy's sister said, good old Hampton names. Mrs. Hampton seems fully recovered from her recent attack, being back where she was before her illness. She is now able to continue with her treatments.

This grandmother had a little scare last week, learned that the least granddaughter, Susan Joiner, daughter of Mr. and Mrs. Buck Joiner, of Odessa, had been carried to the hospital Friday morning, where the first thing they did was make a test for spinal meningitis, but it turned out to be an infection, or virus, she was able to come home Sunday.

Mr. and Mrs. Warren Henry, Lubbock, spent Saturday night with his brother, Mr. and Mrs. E. A. Henry.

Was very good to see Mr. and Mrs. Flavil Holmes both in services again Sunday morning, after he had been out so long, ill.

Linda Goodwin entertained six of her friends, Thursday afternoon, with a farewell party honoring Rheina Sanderlin, who is moving to Odessa.

Rev. and Mrs. Babb were Sunday guests of the H. L. Fords Sunday. In the news last week someone goofed, kinda like this reporter, they spent Sunday with Mr. and Mrs. Joe Ford and not the Rosenbaums, not that it is such an important matter.

Although I felt rather alone, since I was the only one from our church there, did attend the workers conference last Tuesday night, held with the Central Avenue Church in Hamlin as host church. They had a good meeting as well as having a nice meal served by the ladies of the church.

Mrs. Henry was out visiting Thursday afternoon, having been to Rotan hospital, to see her brother, coming back by Mrs. Woodrow Goodwins and finding her out my way, she came on out, so after I returned home from Abilene we had a nice visit before night.

OLD GLORY...

By Judy White
Mrs. Emma Nichter, Mrs. Erich Prescher and Mr. and Mrs. Jerry Sather and son, Dean, of Clifton, Mr. and Mrs. Herbert Nichter, Fort Worth Edwin Bosse, Mrs. Paul Kelm and Mrs. Joe Mendorf of Hamilton visited with Mrs. Henry Schmidt and Paul. They attended the funeral of Henry Schmidt.

Mrs. Andrew Anderson of Lueders spent three weeks with her sister, Mrs. Henry Schmidt. Mrs. Lillie Thane spent several days with her also, and her brothers Mr. and Mrs. Paul Koch and Mr. and Mrs. Manuel Bosse of Lueders.

Stephanie Letz reigned as the winner in the Girls 18 Singles Division in the Abilene Javacee invitational tennis tournament last weekend. She defeated Abilene's Sandy Bridges in the finals, 6-2, 6-1.

Mr. and Mrs. W. H. Vahlenkamp were in Denton last Saturday where they visited their daughter, Billie Ann, who is attending North Texas University. Billie Ann accompanied them to Dallas where they visited her brother, Melvin, and also Ruthie West.

Mr. and Mrs. Bert Turner and son, Jay, of Lubbock were here last weekend visiting her parents and brother, Mr. and Mrs. Herbert Lammert and Danny Ray, and to attend the Commencement Exercises last Friday night. Danny Ray was one of the graduates.

Mr. and Mrs. David Epley and sons, Cary and Gregg, of Odessa, were also here to see her sister, Rhonda Baitz, graduate last Friday night and visit with her parents, Mr. and Mrs. Bill Baitz.

Visiting with Mr. and Mrs. Herbert Vahlenkamp and Marvin and attending Marvin's graduation exercises were Mrs. Vahlenkamp's parents.

Area Farm and Ranch News

By Don Elmore

We had a good turn out Sat. night for the All Girls rodeo and the girls all seemed to have good time. The cows were a might wild, but that didn't bother any of the crowd. One or two of the girls may be a little sore for a few days but no one got hurt bad, for which we are thankful.

The merchants of Hamlin and one from Aspermont were sure nice to donate some mighty fine prizes to be given away Sat. evening and night.

Mr. and Mrs. Gerh. Oeltjen, and her aunt and uncle, Mr. and Mrs. John Freudenberg, and their grandson, all of La Grange.

Among others from out of town who attended the commencement Exercises were Mr. and Mrs. V. R. Leverett and Jimmy of Abilene, Mr. Lever-

ett was the Commencement speaker.

Pvt. Charles Diers, son of Mr. and Mrs. E. H. Diers, is in Fort Polk, Louisiana, where he is receiving basic training.

Mr. and Mrs. L. L. Wienke of Lubbock were here last Sunday visiting his mother, Mrs. W. G. Wienke.

Mr. and Mrs. Dean Letz and boys of Abilene were here last Sunday visiting her parents, Mr. and Mrs. Garrett Spitzer.

Meet the "Hot Stick" brigade

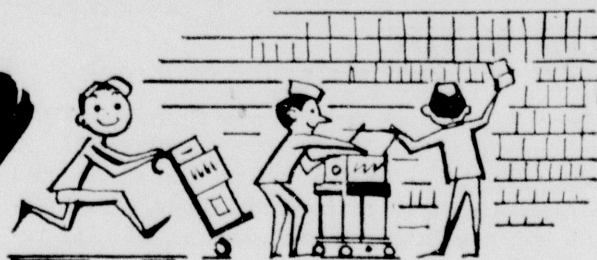

In spite of constant improvements, service interruptions are at an absolute minimum in the territory served by MIDWEST ELECTRIC COOPERATIVE. Expert cooperative electricians use "hot sticks" to transfer high tension lines from one pole to another without interrupting service. In some instances, bucket trucks allow the linemen to handle these "hot" wires with gloved hands. Constant system improvements, continual upgrading of service with no interruptions... these are the aims of the electric cooperative crews.

Your member-owned MIDWEST ELECTRIC COOPERATIVE with modern tools and techniques is providing a dependable, low-cost electric system that is Helping Texas Grow.
